**TRANSFORM YOUR SPACE WITH CAT® GARAGE STORAGE.
BUILT TOUGH, LIKE THE EQUIPMENT YOU TRUST.**

**CAT® GARAGE STORAGE SOLUTIONS — INTEGRATED STEEL CABINETS,
SHELVING, WORKBENCHES, AND OVERHEAD STORAGE — IDEAL FOR
BUILDING A SERIOUS GARAGE**

Shelving & Workbenches	4-11
Rolling Tool Storage	12-15
Fully Welded Cabinets	16-25
Ready To Assemble Cabinets	26-35

TOUGH... TRUSTED... TOTALLY ORGANIZED.

YOUR GARAGE ISN'T JUST A PLACE TO PARK. IT'S WHERE WORK GETS DONE. PROJECTS COME TO LIFE. AND ORDER MATTERS.

CAT® GARAGE STORAGE SOLUTIONS ARE BUILT FOR PEOPLE WHO DEMAND MORE FROM THEIR SPACE—MORE STRENGTH, MORE DURABILITY, AND MORE CONTROL. EVERY CABINET, SHELF, BENCH, AND SYSTEM IS DESIGNED TO PERFORM UNDER REAL CONDITIONS NOT SHOWROOM FLOORS.

SHOP ONLINE AT [CATGARAGESTORAGE.COM](https://catgaragestorage.com) FOR RUGGED STORAGE THAT WORKS AS HARD AS YOU DO.

▶ HEAVY DUTY SHELVING

BUILT TOUGH. READY FOR ANYTHING.

The Cat® Heavy-Duty Shelving Unit is engineered to deliver maximum strength and stability for demanding garage and workshop environments. Built from reinforced steel with industrial-grade supports, this shelving system provides exceptional load-bearing capacity for heavy equipment, power tools, storage bins, and seasonal items. Its boltless design allows for quick assembly, while the wide shelves offer generous space for organizing large or bulky items.

Boltless Assembly System: Designed for fast, tool-free installation, the interlocking structure ensures secure setup without sacrificing strength.

Industrial-Strength Steel Frame: Built to support heavy loads, the reinforced steel structure maintains stability even when shelving is fully loaded with tools or equipment.

Rigid Cross-Bracing: Enhances structural integrity and prevents sway under heavy use.

Wide, Deep Shelf Surfaces: Provide ample space for storage bins, equipment cases, and large items that standard shelving cannot support.

▶ OVERHEAD SHELVING

FREE UP FLOOR SPACE. STORE MORE OVERHEAD.

The Cat® Overhead Shelving System transforms unused ceiling space into secure, high-capacity storage for bulky items, seasonal gear, and bins. Constructed from heavy-gauge steel, this overhead rack is designed to safely support significant weight when properly installed. Perfect for freeing up valuable floor space, it is ideal for garages, workshops, and sheds with limited room. **Heavy-Gauge Steel Construction:** Provides exceptional strength and load-bearing capacity, making it perfect for large totes, equipment, and seasonal items.

Adjustable Height Range: Offers flexible ceiling clearance, allowing you to fit varying sized storage items securely.

Powder-Coated Finish: Protects against rust, humidity, and garage temperature fluctuations.

Maximizes Overhead Space: Uses unused ceiling area to free up valuable floor space and improve garage organization.

CAT-RS484838G

Cat® Heavy Duty Overhead Shelving. With weight capacities of up to 600 lbs., these shelves will stand up to anything you can stack on them. The Hammered Granite powder coating is durable, scratch/chip resistant, and provides a unique textured finish. ▶ WORKBENCHES

Where Every Project Begins.

The Cat® Workbench is designed as a dependable, heavy-duty foundation for projects, repairs, and hands-on tasks. Built with a reinforced steel frame and a durable work surface, it provides exceptional stability and strength for demanding garage or workshop environments. The wide tabletop gives you the space needed to work comfortably, while the open design allows for easy storage of rolling cabinets or toolboxes underneath.

▶ ROLLING TOOL STORAGE

BUILT FOR THE WAY YOU WORK

Built tough for demanding garages, workshops, and job sites, these heavy-duty cabinets bring strength, mobility, security, and smart organization together in one serious storage solution. High-capacity, full-extension soft-close drawers keep tools accessible and secure, while perforated side panels give you even more ways to organize the equipment you use most.

From impact-resistant corner protection and an ergonomic handle to heavy-duty casters and a central locking system, every detail is built for daily use. Move it where you need it, organize it your way, and count on it to keep your tools protected and ready to work.

Soft close slides for smooth controlled closing

Perforated side panel for hanging tools and accessories.

▶ FW GARAGE STORAGE

HEAVY-DUTY MODULAR STORAGE. BUILT FOR THE WAY YOU WORK.

Bring serious strength and lasting organization to your garage with a fully welded cabinet system designed for demanding workspaces. Built with heavy-gauge steel and fully welded construction, these cabinets deliver the solid, durable feel you expect from professional-grade storage, while thoughtful details like soft-close doors, three-point locking, adjustable feet, and durable butcher-block worktops make everyday use easier.

Designed to work together as a complete storage system, each cabinet helps you create a cleaner, more organized workspace without sacrificing strength or style. Whether you're outfitting a professional shop or building the garage you've always wanted, this is storage that's made to stand the test of time.

3-Point Locking System to secure your tools and equipment with confidence

Soft-close hinges and drawer slides deliver smooth, controlled operation
